Access to the Venue of the General Meeting of Shareholders	Final Page

With the implementation of the system for electronic provision under the revised Companies Act, we have simplified the notice, taking into consideration the reduction of environmental burden by saving paper resources and other factors.

Please refer to the website provided in this notice for the materials for general meetings of shareholders that were previously sent to you in writing.

Message from the President

Last year, DENSO celebrated its 75th anniversary. I would like to take this opportunity to express my heartfelt gratitude to the shareholders who have supported DENSO through its long history.

We currently find ourselves in an era of significant change. The automotive industry has entered a transitional period through the emergence of CASE^{*1} vehicles, and in this period, we are seeing the further progression of vehicle electrification and the introduction of more intelligent vehicles such as SDVs^{*2}. Furthermore, greater advancements are being made with semi-conductor and software technologies. As a result, vehicles are becoming more connected with society and are starting to offer new kinds of value.

We have polished our system development capabilities, which we use to optimally integrate the mechanics, electronics, and software strengths we have nurtured since our company was founded, and are working to further contribute to the evolution of mobility, in order to meet the needs of our diverse customers around the world. Furthermore, we are extending the technologies that we have developed in the mobility field to new areas such as energy, factory automation (FA), agriculture, and more, to help solve a broad range of social problems.

The driving force that enables us to take on these challenges is nothing other than our people. DENSO is further refining its corporate culture in which each and every employee enhances “intrinsic motivation” in their work, feeling a sense of fulfillment and achieving growth by taking on new challenges.

The year 2025 is an important year for DENSO, as it is the first year of the 25-year journey to our 100th anniversary. I want us to forge a new path toward the future. Guided by this ambition, I will push ahead with our endeavors together with all 160,000-plus DENSO Group employees.

I would like to express my sincere gratitude to our shareholders for their continued warm support.

May 2025

President & CEO
Shinnosuke Hayashi

*1 CASE: A new trend in the automotive industry involving connected, autonomous, shared, and electric vehicles

*2 SDV (Software-defined vehicle): Vehicles manufactured with greater value and functionality through the use of software

Entry deadline: Friday, June 6, 2025

REFERENCE DOCUMENT FOR THE GENERAL MEETING OF SHAREHOLDERS

Proposals and References

Proposal No. 1: Election of Eight (8) Members of the Board due to the Expiration of the Term of Office of All the Current Members of the Board

The terms of office of all the eight (8) current Members of the Board expire at the conclusion of this 102nd Ordinary General Meeting of Shareholders. Accordingly, we hereby propose that you elect eight (8) Members of the Board.

The nominees for Members of the Board are as follows:

Nominee No.	Name		Current posts in the Company	Years of incumbency
1	Koji Arima	Reappointment	Chairman Member of the Board	10 years
2	Shinnosuke Hayashi	Reappointment	President & CEO Member of the Board	2 years
3	Yasushi Matsui	Reappointment	Executive Vice President Member of the Board	4 years
4	Yasuhiko Yamazaki	Reappointment	Executive Vice President Member of the Board	1 year
5	Akio Toyoda	Reappointment	Member of the Board	6 years
6	Shigeki Kushida	Reappointment Outside Member of the Board Independent Director	Member of the Board	6 years
7	Yuko Mitsuya	Reappointment Outside Member of the Board Independent Director	Member of the Board	6 years
8	Joseph P. Schmelzeis, Jr.	Reappointment Outside Member of the Board Independent Director	Member of the Board	3 years

Election Policy and Procedure for Determining Nominees (Matters related to Proposals No. 1, No. 2 and No. 3)

<Election Policy>

The composition of the Board of Directors reflects consideration of the balance of the board in terms of diversity (nationality, gender, etc.), experience, capabilities and specialties of the members so as to ensure accurate and swift decision-making for realization of the Company's long-term vision and stable corporate management.

Nominees for Members of the Board shall be persons who are well versed in the Company's business management and pressing issues and capable of contributing to formulation of business strategies for enhancing corporate value over the medium to long term and to accurate and effective management oversight.

Nominees for Audit & Supervisory Board Members shall be persons who have knowledge of business management, finances, accounting, and legal affairs and are capable of contributing to appropriate management audit.

<Determination Procedure>

The President & CEO and the Member of the Board responsible for executive assignment take the lead in selecting nominees for Members of the Board and nominees for Audit & Supervisory Board Members. They hear opinions from appropriate persons from various quarters and select persons who are suitable to serve as Members of the Board or as Audit & Supervisory Board Members by comprehensively taking into account their past records, personality, insights and other factors. The "Executive Nomination and Remuneration Council," a body where an independent Outside Member of the Board serves as chairperson and the majority of the members are independent Outside Members of the Board, draw up the draft of nominees for the current year.

The draft of appointments is determined after deliberations at a general meeting of shareholders taking into account the resolution on informal appointment at the Board of Directors. For the draft of appointments for Audit & Supervisory Board Members, an approval of the Audit & Supervisory Board shall be additionally obtained.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
1	 <p>Koji Arima (February 23, 1958) 67 years old Male</p> <p>Reappointment</p>	<p>Chairman, Member of the Board</p> <p>Chairman of the Board of Directors</p> <p>[Incumbency] 10 years</p> <p>Attendance at Board of Directors meetings 13/13 (100%)</p>	<p>April 1981 Joined DENSO CORPORATION</p> <p>June 2008 Executive Director, DENSO CORPORATION</p> <p>June 2014 Senior Executive Director, DENSO CORPORATION</p> <p>June 2015 President, Member of the Board & CEO, DENSO CORPORATION</p> <p>June 2023 Chairman, Member of the Board, DENSO CORPORATION (current position)</p>	<p>[Important posts concurrently held at other corporations] Outside Audit & Supervisory Board Member, KDDI CORPORATION Outside Director, AGC Inc.</p>	186,402 Shares

Reason for having appointed him as a Member of the Board

Since assuming the position as President & CEO in June 2015, Koji Arima formulated and implemented medium- to long-term policies and strategies that the Company should pursue amid a once-in-a-century period of great transformation in the car industry, while laying the foundation for the Company to deliver new value to society into the future, including establishing a stable business foundation. Currently, in addition to being in charge of management oversight as Chairman of the Board of Directors, he also commits himself to activities for Japan's manufacturing industry that transcend corporate boundaries through a variety of public positions. The Company has appointed him as a nominee for a Member of the Board in the expectation that he will promote further improvement of the Company's governance by utilizing his wealth of experience in management and his broad perspective of the overall industry gained through serving as Chairman of the Japan Auto Parts Industries Association and other experiences.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
2	 <p>Shinnosuke Hayashi (January 15, 1964) 61 years old Male</p> <p>Reappointment</p>	<p>President & CEO, Member of the Board</p> <p>CEO (Chief Executive Officer)</p> <p>[Incumbency] 2 years</p> <p>Attendance at Board of Directors meetings 13/13 (100%)</p>	<p>April 1986</p> <p>June 2015</p> <p>January 2021</p> <p>June 2023</p>	<p>Joined DENSO CORPORATION</p> <p>Executive Director, DENSO CORPORATION</p> <p>Senior Executive Officer, DENSO CORPORATION</p> <p>President, Member of the Board, DENSO CORPORATION (current position)</p>	41,562 shares

Reason for having appointed him as a Member of the Board

After joining the Company, Shinnosuke Hayashi engaged in the electronics business and served as CSwO (Chief Software Officer) and was in charge of the mobility electronics business before assuming his current position of President in June 2023. In order for the Company to continue creating new value and strongly survive an era of change, he has been practicing “management that values people” mainly by promoting the creation of a corporate culture that enables our diverse people, the Company’s greatest strength, to demonstrate their abilities to the fullest. The Company has appointed him as a nominee for a Member of the Board in the expectation that he will demonstrate a high level of insight as a business manager and excellent leadership that draws on the strengths of diverse human resources to promote the creation of new value.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned

Reason for having appointed him as a Member of the Board

After joining the Company, Yasushi Matsui engaged in the thermal systems business and the electrification business. He was in charge of the purchasing department from June 2014 and currently serves as CRO (Chief Risk Officer), CCO (Chief Compliance Officer), and CFO (Chief Financial Officer). The Company has appointed him as a nominee for a Member of the Board in the expectation that he will lead our growth strategy by utilizing his broad perspective and foresight gained through his wide-ranging experience in functional and operating departments and at an overseas site.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
4	 <p>Yasuhiko Yamazaki (November 14, 1963) 61 years old Male</p> <p>Reappointment</p>	<p>Executive Vice President, Member of the Board</p> <p>Assistant to the President; CIO (Chief Innovation Officer); CQO (Chief Quality Officer); CHRO (Chief Human Resources Officer); General Administration & Human Resources Center</p> <p>[Incumbency] 1 year</p> <p>Attendance at Board of Directors meetings 10/10 (100%)</p>	<p>April 1986 Joined DENSO CORPORATION</p> <p>June 2014 Executive Director, DENSO CORPORATION</p> <p>April 2019 Senior Executive Officer, DENSO CORPORATION</p> <p>January 2024 Executive Vice President, DENSO CORPORATION</p> <p>June 2024 Executive Vice President, Member of the Board, DENSO CORPORATION (current position)</p>	<p>[Important posts concurrently held at other corporations] Outside Director, TOYOTA BOSHOKU CORPORATION</p>	34,655 shares

Reason for having appointed him as a Member of the Board

After joining the Company, Yasuhiko Yamazaki served as President of the Company's Spanish subsidiary and was in charge of production promotion departments before being placed in charge of the thermal systems business in January 2021. He currently serves as CIO (Chief Innovation Officer), CQO (Chief Quality Officer), CHRO (Chief Human Resources Officer), and is in charge of General Administration & Human Resources Center. The Company has appointed him as a nominee for a Member of the Board in the expectation that he will promote enhancement of technological development capability to realize a future mobility society and human resource development to support such effort by utilizing his profound knowledge in technology and manufacturing.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
5	 <p>Akio Toyoda (May 3, 1956) 69 years old Male</p> <p>Reappointment</p>	<p>Member of the Board</p> <p>[Incumbency] 6 years</p> <p>Attendance at Board of Directors meetings 10/13 (77%)</p>	<p>April 1984</p> <p>June 2000</p> <p>June 2002</p> <p>June 2003</p> <p>June 2005</p> <p>June 2006</p> <p>June 2009</p> <p>May 2018</p> <p>June 2019</p> <p>April 2023</p>	<p>Joined Toyota Motor Corporation</p> <p>Member of the Board of Directors, Toyota Motor Corporation</p> <p>Managing Director, Toyota Motor Corporation</p> <p>Senior Managing Director, Toyota Motor Corporation</p> <p>Executive Vice President, Toyota Motor Corporation</p> <p>Outside Member of the Audit & Supervisory Board, Koyo Seiko Co., Ltd. Reason for having appointed him as an Outside Member of the Board and expected roles

Shigeki Kushida has the experience of having led diverse activities toward the development and stability of the Japanese economy at Japan's central bank, which plays a core function in the Japanese economy, by filling the posts of Director-General and Executive Director, Bank of Japan. At the Company, he has contributed to enhancing transparency and objectivity in the nomination and remuneration field, which is the essence of governance, as the Chair of the Executive Nomination and Remuneration Council since January 2020. The Company has appointed him as a nominee for a Member of the Board in the expectation that he will supervise the Company's overall management utilizing his broad expertise in global monetary economy.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
7	 <p>Yuko Mitsuya (July 29, 1958) 66 years old Female</p> <p>Reappointment</p> <p>Outside</p> <p>Independent</p>	<p>Member of the Board</p> <p>[Incumbency] 6 years</p> <p>Attendance at Board of Directors meetings 13/13 (100%)</p>	<p>April 1981 July 2010 March 2014 March 2015 April 2015 June 2016 March 2018 June 2018 June 2019 June 2021 June 2023</p>	<p>Joined Hitachi, Ltd. Executive Manager, Cedarfield Godo Kaisha Outside Director, Central Japan Railway Company Outside Director, Hitachi Construction Machinery Co., Ltd.</p>	2,900 shares

Reason for having appointed him as an Outside Member of the Board and expected roles

Joseph P. Schmelzeis, Jr. has a wealth of experience in management, particularly in the service industry, including SEGA CORPORATION, as well as in venture business startups and strategic consulting. He strove to strengthen the U.S.-Japan alliance as Senior Advisor to the Ambassador, U.S. Embassy in Tokyo from 2018. The Company has appointed him as a nominee for a Member of the Board in the expectation that he will supervise the Company's overall management, utilizing mainly his abundant business experience as well as profound global knowledge, and knowledge of risk management related to geopolitics.

Notes:

1. The brief personal history and important posts concurrently held at other corporations of each nominee are as of the start date of the electronic provision measures.
2. The age and years of incumbency of each nominee are as of the conclusion of this 102nd Ordinary General Meeting of Shareholders.
3. Toyota Motor Corporation, at which Akio Toyoda currently serves as Representative Director and the Company have transactions such as sales of products. Other nominees have no special interest in the Company unless stated otherwise in these notes.
4. Akio Toyoda is not an executive Member of the Board, but he does not satisfy the requirements of Outside Members of the Board (outside directors), as stipulated in Article 2, Paragraph 15, of the Companies Act, because he currently serves as Director, HAMANAKODENSO CO., LTD, which is a subsidiary of the Company.

5. The Company has entered into a liability limitation agreement with Akio Toyoda, which limits his liability to the minimum amount stipulated in Article 425, Paragraph 1, of the Companies Act, with regard to the liability for damages stipulated in Article 423, Paragraph 1, of the said Act.
6. Shigeki Kushida and Joseph P. Schmelzeis, Jr. have no special interest in the Group, and therefore the Company judges that no conflict of interests is likely to occur between them and general shareholders.
7. The Company has transactions with the Japan Basketball Association, where Yuko Mitsuya serves as the President, including receiving of subsidies for activities of the Company's female basketball team. However, in view of its scale (less than 0.01% of the Company's net sales) and nature, the Company judges that no conflict of interests is likely to occur between her and general shareholders.
8. Shigeki Kushida, Yuko Mitsuya and Joseph P. Schmelzeis, Jr. are the nominees for Outside Members of the Board (outside directors), as stipulated in Article 2, Paragraph 3, Item 7, of the Ordinance for Enforcement of the Companies Act. The matters related to the three persons are as follows:
 - (1) The Company has notified Tokyo Stock Exchange, Inc. (TSE), of the three persons as independent directors as per the TSE Regulations. The three persons satisfy the requirements of independent directors/auditors as per the TSE Regulations. Accordingly, if their election as Outside Members of the Board is approved at the Meeting, the Company intends to notify the TSE of such status as independent director for these nominees.
 - (2) The Company has entered into a liability limitation agreement with the three persons, which limits his/her liability to the minimum amount stipulated in Article 425, Paragraph 1, of the Companies Act, with regard to the liability for damages stipulated in Article 423, Paragraph 1, of the said Act.
9. The Company has entered into a directors and officers liability insurance contract stipulated in Article 430-3, Paragraph 1, of the Companies Act, with an insurance company. The insurance covers damages and litigation expenses in the event that a claim for damages is made against the insured due to an act committed (including failure to act) by the insured in his/her capacity as a director or officer of the Company. The insurance premiums for all the insured are fully borne by the Company. If this proposal is approved and each nominee assumes office as Member of the Board, they will be included in the insured under the said insurance contract. During their term of office, the Company intends to renew the said insurance contract with the same content.

Proposal No. 2: Election of Two (2) Audit & Supervisory Board Members

Standing Audit & Supervisory Board Member Shingo Kuwamura will resign and Standing Audit & Supervisory Board Member Motomi Niwa will complete his term of office at the conclusion of this Ordinary General Meeting of Shareholders. Accordingly, we hereby propose that you elect two (2) Audit & Supervisory Board Members. Their term of office expires at the conclusion of the ordinary general meeting of shareholders for the last fiscal year that ends within four years after their election. The Audit & Supervisory Board has given its prior consent to this proposal.

The nominees for Audit & Supervisory Board Members are as follows:

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
1	<div></div> <div>Motomi Niwa (November 3, 1962) 62 years old Male</div> <div>Reappointment</div>	<div>Standing Audit & Supervisory Board Member</div> <div>[Incumbency] 7 years</div> <div>Attendance at Board of Directors meetings 13/13 (100%)</div> <div>Attendance at Audit & Supervisory Board meetings 14/14 (100%)</div>	<div>April 1985 April 2007</div> <div>Joined DENSO CORPORATION Head, Function Products Planning Division (currently, Powertrain Systems Business Planning Division), DENSO CORPORATION</div> <div>January 2013</div> <div>Director, Human Resources Division, DENSO CORPORATION</div> <div>August 2014</div> <div>Vice President, DENSO MANUFACTURING TENNESSEE, INC.</div> <div>June 2018</div> <div>Standing Audit & Supervisory Board Member, DENSO CORPORATION (current position)</div>	<div>[Important posts concurrently held at other corporations] Audit & Supervisory Board Member, ADVICS CO., LTD.</div>	35,400 shares

Reason for having appointed him as an Audit & Supervisory Board Member

After joining the Company, Motomi Niwa engaged in the purchasing, business planning and human resources departments. After having served as the Vice President of a subsidiary of the Company in the United States from August 2014, he has been serving as Audit & Supervisory Board Member of the Company (current position) since June 2018. He has been supporting thorough compliance and the improvement of high-quality corporate governance systems of the DENSO Group through auditing activities based on his broad expertise in both functional and operating departments as well as his experience in the management of an overseas subsidiary. The Company has appointed him as a nominee for an Audit & Supervisory Board Member in the expectation that he will continue to reflect his expertise in the Company's audits.

No.	Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations		Number of Company's shares owned
2	 <p>Katsunori Hayashi (April 17, 1965) 60 years old Male</p> <p>New appointment</p>	General Manager, Secretarial Department, General Administration & Human Resources Center	<p>April 1988 January 2011</p> <p>January 2017</p> <p>April 2018</p>	<p>Joined DENSO CORPORATION General Manager, Engine Equipment Planning Department, Engine Equipment Division (currently, Powertrain Systems Business Planning Division), DENSO CORPORATION</p> <p>General Manager, Electrified Components Planning Division, Electrified Components Department (currently, Electrification Systems Business Planning Department), DENSO CORPORATION</p> <p>General Manager, Secretarial Department, Corporate Center, (currently, Secretarial Department, General Administration & Human Resources Center), DENSO CORPORATION (current position)</p>	7,085 shares

Reason for having appointed him as an Audit & Supervisory Board Member

After joining the Company, Katsunori Hayashi has worked in human resources, secretarial, and sales departments. After having served as General Manager of the planning department in the operating division since January 2011, he has served as General Manager of the Secretarial Department since April 2018. He has wide-ranging experience in functional and operating departments, and has extensive and deep knowledge of corporate governance in general, including his most recent role as General Manager of the Secretarial Department, where he led governance reforms focusing on the areas of nomination and remuneration. The Company has appointed him as a nominee for an Audit & Supervisory Board Member in the expectation that he will reflect this experience and knowledge in the Company's audits for the improvement of high-quality corporate governance systems of the Group.

Notes:

1. The brief personal history and important posts concurrently held at other corporations of each nominee are as of the start date of the electronic provision measures.
2. The age and years of incumbency of each nominee are as of the conclusion of this 102nd Ordinary General Meeting of Shareholders.
3. Each nominee has no special interest in the Company.
4. The Company has entered into a directors and officers liability insurance contract stipulated in Article 430-3, Paragraph 1, of the Companies Act, with an insurance company. The insurance covers damages and litigation expenses in the event that a claim for damages is made against the insured due to an act committed (including failure to act) by the insured in his/her capacity as a director or officer of the Company. The insurance premiums for all the insured are fully borne by the Company. If this proposal is approved and each nominee assumes office as Audit & Supervisory Board Member, they will be included in the insured under the said insurance contract. During their term of office, the Company intends to renew the said insurance contract with the same content.

Proposal No. 3: Election of One (1) Substitute Audit & Supervisory Board Member

In case the number of Audit & Supervisory Board Members falls short of that required by laws and regulations, we hereby propose that you elect one (1) Substitute Audit & Supervisory Board Member.

If this proposal is approved, the nominee below will be a Substitute Audit & Supervisory Board Member for incumbent Outside Audit & Supervisory Board Members Yasuko Gotoh and Haruo Kitamura. If the nominee takes office of Audit & Supervisory Board Member replacing one of the members, the nominee will serve the remaining term of the incumbent member leaving the post before his/her full term of office expires, as provided for in the Company's Articles of Incorporation. The Audit & Supervisory Board has given its prior consent to this proposal. The nominee for Substitute Audit & Supervisory Board Member is as follows:

Name (Date of birth)	Position and responsibilities	Brief personal history and important posts concurrently held at other corporations	Number of Company's shares owned
 <p>Kumiko Baba (October 10, 1965) 59 years old Female</p> <p>New appointment</p> <p>Outside</p> <p>Independent</p>	—	<p>April 1989 Joined Toshiba Corporation</p> <p>April 2014 Joined JFE Engineering Corporation</p> <p>April 2018 Vice President, JFE Engineering Corporation</p> <p>April 2019 Full-time Advisor, JFE Holdings, Inc. Audit & Supervisory Board Member (part-time), JFE Engineering Corporation</p> <p>June 2019 Audit & Supervisory Board Member (part-time), JFE Shoji Trade Corporation</p> <p>June 2022 Audit & Supervisory Board Member (full-time), JFE Holdings, Inc.</p> <p>April 2025 Vice President, JFE Engineering Corporation</p> <p> Advisor, JFE Engineering Corporation (current position)</p> <p>[Important posts concurrently held at other corporations] Advisor, JFE Engineering Corporation</p>	0 shares

Reason for having appointed her as a Substitute Outside Audit & Supervisory Board Member

Kumiko Baba has abundant experience centering on business operations overseas, such as contract negotiations and business alliances with overseas companies, as well as new business launches at Toshiba Corporation. At JFE Engineering Corporation, where she is currently employed, she has gained wide-ranging executive experience from overseeing overseas businesses to engaging in management areas such as accounting and finance. In addition, as she has experience as a full-time Audit & Supervisory Board Member at JFE Holdings, Inc., the Company has appointed her as a nominee for a substitute Outside Audit & Supervisory Board Member in the expectation that she will reflect her experience of engaging manufacturing from a global perspective and her expertise covering accounting, finance, auditing, and other professional areas in the Company's audits.

Notes:

- Brief personal history and important posts concurrently held at other corporations of the nominee are as of the start date of the electronic provision measures.
- The age of the nominee is as of the conclusion of this 102nd Ordinary General Meeting of Shareholders.
- The nominee has no special interest in the Company.
- Kumiko Baba is the nominee for an Outside Audit & Supervisory Board Member, as stipulated in Article 2, Paragraph 3, Item 8, of the Ordinance for Enforcement of the Companies Act. The matters related to this person are as follows:
 - (1) She satisfies the requirements of independent directors/auditors as per the TSE Regulations. Accordingly, if she assumes the post of Outside Audit & Supervisory Board Member, the Company intends to notify the TSE

of such status as independent auditor for the nominee.

- (2) If she assumes the post of Outside Audit & Supervisory Board Member, the Company intends to enter into a liability limitation agreement with her, which limits her liability to the minimum amount stipulated in Article 425, Paragraph 1, of the Companies Act, with regard to the liability for damages stipulated in Article 423, Paragraph 1, of said Act.
5. The Company has entered into a directors and officers liability insurance contract stipulated in Article 430-3, Paragraph 1, of the Companies Act, with an insurance company. The insurance covers damages and litigation expenses in the event that a claim for damages is made against the insured due to an act committed (including failure to act) by the insured in his/her capacity as a director or officer of the Company. The insurance premiums for all the insured are fully borne by the Company. If this proposal is approved and Kumiko Baba assumes office as Audit & Supervisory Board Member, she will be included in the insured under the said insurance contract.

■ Approach for the Selection of Experience and Specialties

Experience and specialties were selected based on the two perspectives: experience and specialties necessary to realize the Long-term Policy 2030 and experience and specialties required to underpin stable corporate management.

Realization of long-term vision	<ul style="list-style-type: none"> Corporate management experience that enables anticipation of the future in uncertain and ambiguous times and the provision of recommendations on the course that the Company should pursue Software/digital and environment/energy experience and specializations that enable maximization of the value of “green” and “peace of mind” as well as social contributions, including initiatives focused on realizing carbon neutrality and eliminating traffic accident fatalities Marketing experience and specializations that enable correct understanding of market trends as well as social needs and expectations, which help in addressing not only mobility-related issues but also a wide range of other social issues
Underpinnings of stable corporate management	Governance, global, finance/accounting, human resources, technology development, production/quality, and sales/procurement experience and specializations that serve as foundations for DENSO’s sustained growth, regardless of the era or environment

BUSINESS REPORT (From April 1, 2024, to March 31, 2025)

1. CURRENT SITUATION OF THE DENSO GROUP

(1) Process and Results of Operations of Our Group

1) Business environment

During the fiscal year ended March 31, 2025, the world economy maintained its resilience as a whole although there were differences depending on the region, such as the solid growth of the economy in the U.S., where inflation was gradually subsiding, the slowdown of the Chinese economy, and economic stagnation in Europe. However, there is greater uncertainty in the outlook of the global economy due to changes to policies in various countries, in addition to ongoing concerns about geopolitical tensions and economic recessions.

2) Summary of business

Revenue during the fiscal year ended March 31, 2025 rose year on year to a new record high as a result of the depreciation of the yen, despite the impact of operation stoppages by Japanese customers and decreased vehicle production resulting from sluggish sales in the Asia region. Operating profit increased year on year to a new record high as a result of the depreciation of the yen, rationalization efforts, and passing on cost increases to prices, despite production volume decrease. We reinforced our profitability by reshuffling our portfolio to center on the growth of our priority fields, electrification products and advanced safety products. In North America, as the structural reforms being implemented over the course of several years have borne fruit, revenue continues to improve.

To improve our capital efficiency, we are reducing our low-profit assets and enhancing our shareholder returns. In the fiscal year ended March 31, 2025, we reduced cross-shareholdings, which are low-profit assets, by ¥438.5 billion by selling all shares in five issues and some shares in two issues. Furthermore, to give back to our shareholders, we have proceeded with acquiring treasury stock of ¥450.0 billion, a record high amount.

3) Operating results for the fiscal year ended March 31, 2025

Revenue of the Group increased by ¥17.0 billion or 0.2% year on year to ¥7,161.8 billion for the year ended March 31, 2025, and operating profit increased by ¥138.4 billion or 36.4% to ¥519.0 billion. Consequently, profit before income taxes increased by ¥141.8 billion or 32.5% to ¥578.0 billion, and profit attributable to owners of the parent company increased by ¥106.3 billion or 34.0% to ¥419.1 billion.

*1 The Company implemented a four-for-one split of common stock on October 1, 2023.

Basic earnings per share and annual dividends per share are calculated on the assumption that the stock split was implemented at the beginning of the 99th term.

*2 ROE: Profit attributable to owners of the parent company ÷ Equity attributable to owners of the parent company (average of figures at the beginning and the end of the fiscal year)

*3 DOE: Total amount of dividends ÷ Equity attributable to owners of the parent company

IFRS

(3) Initiatives during the Year

Green

Aiming to achieve in production activities “Carbon Neutrality by 2035”

In pursuit of a sustainable mobility society, DENSO has been promoting “environmental management” to reduce environmental impacts and create economic value through environmental protection activities. By further advancing our “environmental management,” we aim to realize carbon neutrality in our business activities by 2035.

Three key fields for realization of carbon neutrality

Manufacturing

Mobility products

Energy use

Expanding lineup of products powered by electricity that support all types of electric vehicles and improving supply capabilities

As more diverse types of electric vehicles become available in the market, we have expanded our lineup of inverters for BEVs, PHEVs, and HEVs in order to continue supplying our customers with products that meet their expectations. We have also begun production of inverters through DENSO FUKUSHIMA CORPORATION, creating a production structure capable of rapidly supplying products to customers.

★ Energy Conservation Best Practice Category,
Industrial Field
Minister of Economy, Trade and Industry Award

★ Energy Conservation Best Practice Category,
CGO or Corporation Field
Agency for Natural Resources and Energy Commissioner's Award

★ Energy Conservation Best Practice Category
The Energy Conservation Center, Japan Chairman's Award

Receiving the highest award of the Energy Conservation Grand Prize 2024 awards, the Minister of Economy, Trade and Industry Award

In the Energy Conservation Grand Prize awards granted to companies, local governments, and other recipients for exceptional energy conservation activities, the technological development of pioneering energy-saving products, and the like, we were awarded the highest award, the Minister of Economy, Trade and Industry Award for the establishment of our new air-washing technology. As we developed an optimally shaped ejector for use in washing processes that consume large amounts of compressed air, we were awarded the prize in recognition of the 90% reduction in CO₂ emissions made possible by this newly developed ejector. We also received other prizes for two additional projects. This was the first time we simultaneously won a total of three Energy Conservation Grand Prize awards.

Aiming to become a leading company that provides “peace of mind” to society

We uphold providing peace of mind to society through our business activities as our mission. By contributing to the resolution of social issues, such as traffic accidents, air pollution, natural disasters, and the declining birthrate and population aging, we will promote initiatives to become a leading company that provides “peace of mind” to society.

Three pillars of DENSO's contributions to the field of “peace of mind”

Zero traffic fatalities

Comfortable space

Support for workers

Conclusion of Memorandum of Understanding with Canatu for practical application of carbon nanotube technology

We signed a Memorandum of Understanding (MOU) with Finland-based Canatu, which has technologies that enable the efficient production of high-purity carbon nanotubes, to advance the practical application of carbon nanotube technology. As autonomous driving technology continues to evolve, vehicles must accurately detect their surroundings using cameras and other sensors. However, issues such as frost and condensation can obstruct visibility and complicate detection. DENSO and Canatu will address these challenges through the commercialization of transparent heaters using the two companies' technologies to help make cars safer and contribute to the advancement of autonomous driving technology.

Started accepting commercial orders for Artemy®, a fully automated cherry truss tomato harvesting robot

We have developed Artemy®, an innovative robot that performs a series of cherry truss tomato harvesting tasks in a fully automatic manner, and we have now begun accepting commercial orders in Europe. Starting with Artemy®, we are developing labor-saving devices and data solutions that can be used for various crop varieties and tasks. We will also contribute to sustainable agriculture worldwide by developing and deploying unmanned crop cultivation systems bundled with agricultural greenhouses.

Robot Artemy® harvesting cherry truss tomato

Technology Foundation

Our approach to advanced development that supports business growth

Since our founding, we have honed our technologies, committing ourselves to offering world-first and world-best products. By making full use of our broad-ranging technologies in fields such as chemistry, physics, and electrical engineering accumulated through our R&D that has supported the creation of the world's most advanced vehicles, we will boldly strive to realize our philosophy of "green" and "peace of mind."

Strengthening partnerships in the semiconductor field

Automobiles are becoming increasingly electrified and intelligence-driven, and the semiconductors that make this possible are growing even more important. We are strengthening our partnerships with companies such as ROHM Co., Ltd. and onsemi to ensure a stable supply of highly reliable semiconductors for use in automobiles and to develop high-quality, high-efficiency semiconductors. Through these partnerships, we aim to accelerate the development and popularization of electric vehicles and to eliminate traffic accident fatalities by improving the performance of advanced driver assistance systems.

Semiconductor chips
manufactured by ROHM

Semiconductor chips
manufactured by onsemi

Strategic partnership with NTT DATA Japan Corporation for software

Denso, which has strengths in vehicle (in-car) technologies including in-vehicle software, signed a MOU to form a strategic partnership for software with NTT DATA Japan Corporation, which has strengths in outside-car technologies including cloud computing, aiming to quickly and efficiently develop and offer in-vehicle software, which is becoming more prevalent and sophisticated. Through this agreement, we will connect vehicles with the cloud via software in preparation for the era of software-defined vehicles (SDVs), contributing to the realization of a mobility-centered society in the future by helping make vehicles more attractive.

Business Foundation

Initiatives to support business activities and enhance corporate value

We are actively working to strengthen our business foundation with the aim of becoming a company that is inspiring for society. We will realize our philosophy of “green,” “peace of mind,” and “inspiring” and enhance our corporate value through activities such as practicing sustainability management that balances business activities with solutions to social issues.

Information security initiatives

The evolution of the IoT* and automated driving is creating a greater risk of cyberattacks and information leaks in the automobile industry as well. DENSO is working to promote information security from the perspectives of information asset protection and the creation of safe and secure products and services. Specifically, we are 1) conducting education and training to improve the security literacy of employees and ensure thorough implementation of security fundamentals; 2) utilizing the latest technologies, such as AI, to prepare ourselves to rapidly protect against, detect, and recover from cyberattacks, and 3) reinforcing our security and privacy quality assurance processes and systems for entire product lifecycles. We are also taking on the challenge of acquiring international security certification.

* IoT: Internet of Things, or a technology used to exchange data between objects and machines (things) via the Internet

Employee career development support initiatives

We help our employees actively consider their own careers and take action accordingly. In addition to creating working environments that are conducive to career development consultation, such as improvements to dialogue between employees and their supervisors, we also provide career development support such as the Career Innovation Program for software engineers. This program is not only used within our company, but has also been extended to the industrial, governmental, and academic sectors, contributing to the creation of environment where human resources for the mobility sector are developed in the whole industry. We were presented the Innovation Award in the Good Career Company Awards 2024, conducted by the Ministry of Health, Labour and Welfare. We will continue to aid our employees in actively thinking about and developing their careers.

GOOD CAREER COMPANY
AWARD 2024
イノベーション賞

Inspiring

Supply chain-wide sustainability activities

To promote sustainability activities throughout our supply chain, we have conducted carbon neutrality policy briefings and process tours for suppliers. Our dialogue with suppliers includes presentations of energy-saving measures that can be utilized by suppliers and opinion-sharing regarding energy-saving methods. Through measures such as these, we work as one with our suppliers to promote sustainability activities throughout our entire supply chain.

DENSO Culture Day 2024

We conducted DENSO Culture Day 2024 last year as we marked the 75th anniversary of our founding, to look back on our company's history and think about the unique qualities of DENSO that have been constants since it was first founded. Roughly 500 people from around the world took part in the event, engaging in free and unfettered discussion across regional and hierarchical lines about what makes DENSO unique. They shared their ideas with management about their future ideals for the company and the approaches to be taken by its leaders.

Koriyama City, Fukushima Prefecture, becomes hometown for DENSO's women's volleyball team

Led by our three principles of using sports to encourage our employees, create connections with local communities, and contribute to the advancement of the sports industry, we operate six sporting clubs. The Airybees, our women's volleyball team, has advanced to the SV.LEAGUE, Japan's newly created top-tier volleyball league, and with this promotion it has relocated to Koriyama City, in Fukushima Prefecture. The Airybees will work together with DENSO FUKUSHIMA CORPORATION to assist in Fukushima's recovery by invigorating the local community and sports.

(4) Issues to Be Addressed & Initiatives for Creating Future Value

The Changing Environment Around Us

Social issues such as global warming and resource depletion have become increasingly complex and pressing worldwide. At the same time, rapid advances in cutting-edge technologies have made it difficult to predict the future. Recent advances in AI and digital technologies have fundamentally changed the way people and organizations function, and have also brought about major changes in the competitive environment among companies.

In the automotive industry, advances in CASE have spurred the growth of EVs and SDVs. There is a closer connection between mobility and society, creating a demand for new value that goes beyond simply transportation.

Under these circumstances, we must steadily work toward the achievement of our vision while flexibly responding to changes.

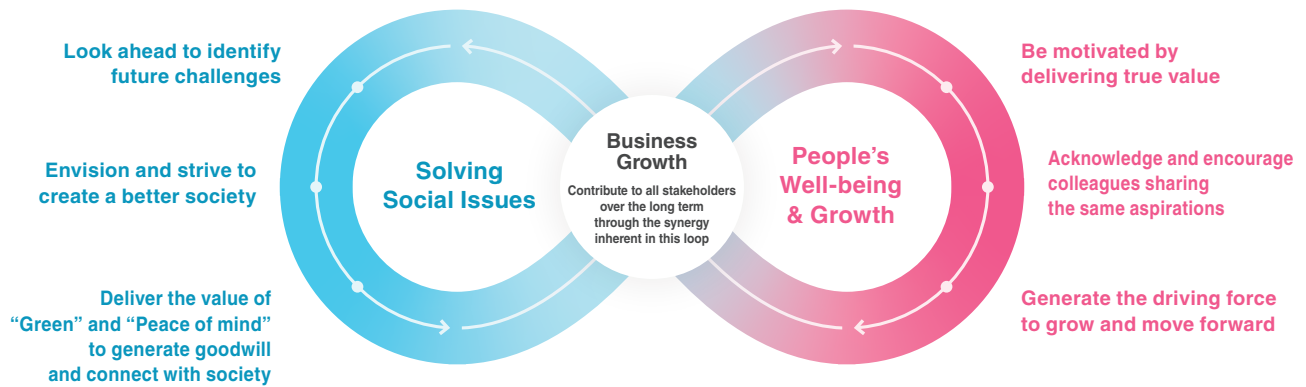

Vision and Initiatives

We see these major changes swirling around the automotive industry as an opportunity. With mobility as a starting point, we are positioning DENSO as a company with a special emphasis on “Green” and “Peace of mind” with the aim of providing a wide range of value in terms of safety and the environment and contribute to the resolving of social issues.

- Evolution of mobility: By reducing environmental impact through the growing number of EVs and making cars more intelligent, we are contributing to greater mobility and a safer society free of traffic accidents.
- Creation of new value: By applying our manufacturing expertise and technologies developed through mobility to a growing range of industries such as energy, factory automation, agriculture and food, we are promoting value propositions to society in areas beyond mobility.
- Strengthening fundamental technologies: We are strengthening our fundamental technologies, especially semiconductors and software, to support the evolution of mobility and creation of new value.

Through these efforts, we are undertaking the challenge of creating a future where people can live in safety with peace of mind. By meeting that challenge, we will achieve sustainable business growth and deliver value to our many stakeholders.

Important Values To Share

To realize DENSO's vision, "Solving Social Issues" and "People's Well-being & Growth" will serve as the central aims of our medium- to long-term management strategy.

"Solving Social Issues" will be achieved by providing value in numerous ways, with a dual focus on "Green" and "Peace of mind."

The goodwill generated through such activities will lead to our own "Well-being & Growth" and produce tremendous business momentum.

Through this virtuous cycle for achieving our two main aims, we will continue growing our business and contribute to all stakeholders over the long term.

(5) Overview of Principal Businesses

In fields such as automotive as well as consumer and industrial equipment through the application of automotive technologies, the Company engages in the development, manufacturing, and sale of products that contribute to the domains of “green” and “peace of mind.”

	Segment	Business description
Automotive businesses	Electrification Systems	Development and manufacturing of drive components for electric vehicles, power supply systems that control batteries, and other products
	Powertrain Systems	Development and manufacturing of ignition, air intake and exhaust, valve train, and other products for internal combustion engine vehicles, such as gasoline or diesel cars
	Thermal System	Development and manufacturing of car air conditioners, heaters, coolers, and other products for creating comfortable vehicle interiors
	Mobility Electronics	Development and manufacturing of advanced driver assistance systems, in-vehicle ECUs*2 for electronically controlling vehicles, and other products to achieve the safe and comfortable transportation of drivers
	Advanced Devices	Development and manufacturing of semiconductors, in-vehicle sensors, and other products installed in inverters and in-vehicle ECUs
Non-automotive businesses	FA*1 and Social Solutions Food Value Chain	Development, manufacturing, and sale of products related to productivity improvement in plants, products related to non-automotive businesses, including agriculture, and other products

Revenue (ratio (%))

TOPICS Future technologies

Leveraging generative AI

We are working to enhance operational efficiency and reduce costs through digital transformation in order to free up capacity and increase vitality of our employees. For example, we are using AI to automate design processes, reducing the amount of management resources used in mass production design, and shifting them to research and pioneering development that will create future growth.

Dynamic wireless power transfer system

We are developing battery charging technologies that will reduce the time and effort involved in recharging electric vehicle batteries and cut both CO₂ emissions and resource consumption by making vehicle batteries more compact. We have driven vehicles fitted with on-board receiving coils on roads embedded with electricity transmission coils to transfer electricity to vehicles as they drive, without direct contact. In these drives, we have achieved 50 hours of continuous driving while maintaining battery charge. Through our testing, we've demonstrated that this system is capable of enabling unlimited driving time.

(6) Capital Expenditures and Financing

During the fiscal year, capital expenditures of ¥371.1 billion were invested mainly to shift to highly cost-competitive next-generation products and further improve product quality and reliability.

The Company procured funds mainly by means of borrowings and issuance of bonds. The balance of loans payable at March 31, 2025 was ¥699.4 billion.

(7) Significant Subsidiaries

Name	Capital Stock	The Company's Ratio of Voting Rights (%)	Principal Businesses

Notes:

1. The Company holds treasury stock of 93,559 thousand shares, but is excluded from the list of major shareholders above.
2. "Ratio of Shareholdings" is calculated after excluding the treasury stock of 93,559 thousand shares.
3. "Investment in the Company" by Toyota Industries Corporation is stated after excluding the Company's 27,192 thousand shares (ratio of shareholdings: 0.96%), which are contributed as a trust asset for employees' retirement benefits by Toyota Industries Corporation. (These shares are registered in the name of "Custody Bank of Japan, Ltd. (Trust Account of Toyota Industries Corporation Employees' Retirement Benefits for the Re-trust by Sumitomo Mitsui Trust Bank, Limited)," and Toyota Industries Corporation reserves the right of instruction in exercising the shares' voting rights.)

(5) Shares Issued to the Company's Members of the Board and Audit & Supervisory Board Members as Compensation for the Execution of Their Duties during the Fiscal Year under Review

Category	Class and number of shares	Number of Members of the Board and Audit & Supervisory Board Members to whom shares were issued
Members of the Board (excluding non-executive Members of the Board and Outside Members of the Board)	43 thousand shares of common stock of the Company	3

(Reference) Matters concerning shares held by the Company

1) Policy on cross-shareholdings

The Company is actively working to reduce its low-profit assets, and its basic policy is not to hold cross-shareholdings unless the rationale for such holdings is recognized. However, in order to sustainably increase corporate value, we consider it essential to collaborate with various companies for joint technological development and to maintain and strengthen relationships with business partners, etc., and for this reason we hold the minimum number of shares required for our business strategy.

Based on the above policy, the appropriateness of holding each individual issue is comprehensively examined based on qualitative and quantitative criteria, and verified annually by the Board of Directors. In the event that the rationale for holding an issue is no longer recognized, such as the termination of a joint development project, the Company proceeds with the sale of the issue after careful dialogue with the investee company.

During the fiscal year under review, while we added four issues to our holdings through new acquisitions and the listing of some of the issues we held, we sold all of five listed issues and partially sold two issues (sales amount: 438.5 billion yen), resulting in the number of holdings decreasing to 13 issues as of March 31, 2025.

Going forward, we will continue to create corporate value by continuing to further reduce cross-shareholdings and channeling the cash generated into investments necessary for our growth strategy. For the fiscal year ended March 31, 2025, the balance sheet amount of investment securities held for purposes other than pure investment, as disclosed in the Annual Securities Report, was 457.5 billion yen, accounting for 8.8% of the Company's total consolidated capital.

2) Criteria for exercise of voting rights

We believe that investee companies should be managed with an emphasis on improving shareholder returns over the medium- to long-term, rather than pursuing only short-term shareholder returns. We will exercise our voting rights in a manner that contributes to the sustainable enhancement of the corporate value of our investee companies, provided that it is in the best interests of the Company to do so.

In exercising our voting rights, we will make a comprehensive judgment of approval or disapproval based on internal rules that stipulate matters to be considered when exercising voting rights, and will engage in dialogue with the investee company regarding the content of the proposal as necessary.

Cross-shareholdings

(Number of issues)

3. OFFICERS OF THE COMPANY

(1) Members of the Board

Name	Position	Assignment in the Company and Important Posts Concurrently Held at Other Corporations
Koji Arima	Chairman Member of the Board*	Chairman of the Board of Directors (Important posts concurrently held at other corporations) Outside Audit & Supervisory Board member, KDDI CORPORATION Outside Director, AGC Inc.

2. Audit & Supervisory Board Member Haruo Kitamura is qualified as a Certified Public Accountant and has substantial knowledge of finance and accounting.
3. The Company has notified TSE of the names of Audit & Supervisory Board Members Yasuko Gotoh and Haruo Kitamura as independent auditors.
4. The Company has entered into a liability limitation agreement with Audit & Supervisory Board Members Yasuko Gotoh and Haruo Kitamura, which limits his/her liability to the minimum amount stipulated in Article 425, Paragraph 1, of the Companies Act, with regard to the liability for damages stipulated in Article 423, Paragraph 1, of said Act.

(3) Overview of the Directors and Officers Liability Insurance Contract**1) Scope of the insured**

The Company's Members of the Board, Audit & Supervisory Board Members, and Senior Executive Officers, and directors and officers of the Company's subsidiaries are the insured.

2) Overview of the Insurance Contract

The insurance covers damages and litigation expenses in the event that a claim for damages is made against the insured due to an act committed (including failure to act) by the insured in his/her capacity as a director or officer of the Company or its subsidiaries stated in 1) above. However, damages caused as a result of any criminal act, such as bribery or willful misconduct, committed by a director or officer and imposed on the director or officer are outside the scope of the insurance coverage so as not to compromise the appropriateness of execution of duties by directors and officers. The insurance premiums for all the insured are fully borne by the Company.

(4) Remuneration, etc., Payable to Members of the Board and Audit & Supervisory Board Members for the Current Fiscal Year

1) Details concerning the amount of officer remuneration, etc. and the determination of the computation method and the method of determination

(a) Determination policy concerning remuneration, etc.

At the Company, regarding the policy on determination concerning remuneration, etc. for Members of the Board (hereinafter referred to as the “determination policy”), a resolution is adopted by the Board of Directors based on the content of the deliberation by the Executive Nomination and Remuneration Council.

i) Basic policy

- Facilitate the achievement of medium- to long-term enhancement of corporate value and management from the perspective of shareholders
- Incentivize eligible persons to enhance performance by linking the Company’s performance with individuals’ performance

ii) Composition of remuneration

Under the Company’s compensation system, compensation for Members of the Board (excluding non-executive Members of the Board and Outside Members of the Board; hereinafter collectively referred to as “Eligible Members of the Board”) consists of basic compensation as fixed compensation, bonus as performance-linked compensation, and share-based compensation. An outline of each compensation system and the compensation ratio by position in the basic compensation amount are as follows. However, the ratio may differ depending on the degree of achievement of corporate performance indicators for the fiscal year in question.

	Type of compensation	Overview	Ratio of compensation		
			Chairman	President & CEO	Executive Vice President
Fixed compensation	Basic compensation (fixed amount)	Paid as monthly fixed compensation according to the posts	40%	40%	45%
Performance-linked compensation	Bonus (short-term incentive)	<ul style="list-style-type: none"> • Paid for each fiscal year at a certain time after the conclusion of the relevant General Meeting of Shareholders 	30%	30%	30%
	Share-based compensation (medium- to long-term incentive)	<ul style="list-style-type: none"> • The amount is computed based on company performance indicators (consolidated operating profit, ROIC, sustainability score) and the results of individuals’ performance assessment results. 	30%	30%	25%

Compensation payable to non-executive Members of the Board and Outside Members of the Board comprises only basic compensation (fixed amount) in order to ensure independence from management. Compensation payable to Audit & Supervisory Board Members also comprises only basic compensation (fixed amount) because their role includes the conduct of legal compliance audit.

iii) Level of compensation

The level of compensation for Members of the Board and Audit & Supervisory Board Members is set to be competitive with that of comparable companies by referring to the levels of executive compensation paid by major manufacturers that are similar in size, industry, and business format to the Company according to the data of an annual executive compensation survey conducted by an external research agency.

iv) Method of determination of performance-linked compensation

With the aim of ensuring linkage with the Company's performance and to further incentivizing eligible persons to enhance performance and achieve sustainable growth, the indicators for computing performance-linked compensation are consolidated operating profit, ROIC, and sustainability score. The evaluation weights and assessment methods for each indicator are as follows, and the percentage of performance-linked compensation paid will fluctuate within a range of 0 to 150% depending on the results of the evaluation.

Targets serving as the evaluation basis for the fiscal year in question are set each year based on the medium- long-term targets.

Indicators	Evaluation weight	Evaluation method	Results
Consolidated operating profit	60%	Evaluation based on the degree of achievement of targets for the fiscal year in question after adjusting for the impact of external factors such as foreign exchange	¥519.0 billion
ROIC	20%	Evaluation based on the degree of achievement of targets for the fiscal year in question	7.1%
Sustainability score	20%	Evaluation based on the overall achievement of the following priority issues in the Company's sustainability management for the fiscal year in question <Priority issues> 1) Total CO ₂ emissions; 2) Expansion of "green" and "peace of mind" products; 3) Employee engagement; 4) Ratio of non-Japanese among heads of overseas bases; and 5) Ratio of women in management	3 items/5 items

Note: ROIC is calculated as follows:

- Invested capital is calculated by averaging results at the end of the previous fiscal year and the current fiscal year.
- Invested capital = equity attributable to shareholders of the Company + interest-bearing debt
- Return on invested capital (ROIC) = profit for the year attributable to shareholders of the Company / invested capital

In addition, the amount of performance-linked compensation is calculated within the range of ±20% of total annual compensation based on individual assessments of individual performance, results, and medium- and long-term initiatives.

v) Matters related to share-based compensation

The Company has introduced a restricted share-based compensation system for the purposes of having eligible persons further share value with shareholders and providing them with more incentives to achieve medium- to long-term enhancement of corporate value. The restricted share-based compensation system is outlined below.

Eligible persons	Members of the Board of the Company (excluding non-executive Members of the Board and Outside Members of the Board)
Total amount of share-based compensation	Up to ¥1.5 billion per year
Amount of share-based compensation for each Member of the Board	Determined each year considering factors such as the Company's business results and the responsibilities and performance of the Member of the Board
Class of shares to be allotted and method of allotment	Issue or disposal of shares of common stock (those with restrictions on transfer under the Allotment Agreement)
Total number of shares to be allotted	Up to a total of 3 million shares per year to Eligible Members of the Board (However, on or after June 20, 2024, in the event of a stock split (including a gratis allotment of the Company's common stock) or a reverse stock split of the Company's common stock, or if other events arise where it is necessary to adjust the total number of the Company's common stock to be allotted as restricted shares, such total number of shares shall be adjusted within a reasonable range.)
Amount to be paid in	Determined by the Board of Directors of the Company based on the closing price of shares of common stock of the Company on the Tokyo Stock Exchange on the business day immediately preceding the date of each resolution of the Board of Directors, within a range that is not particularly advantageous to Eligible Members of the Board
Transfer restriction period	During the period predetermined by the Board of Directors of the Company, ranging from three (3) years to 30 years from the allotment date under the Allotment Agreement, Eligible Members of the Board must not dispose of the shares of the Company's common stock by transferring or creating a security right on the shares of the Company's common stock allotted by the Allotment Agreement or other measures.
Condition 1 for removal of transfer restrictions	The restrictions will be removed upon the expiration of the transfer restriction period. However, the restrictions will be removed also in the event that the Eligible Member of the Board leaves the position due to expiry of his/her term of office, his/her death or other justifiable reasons.
Condition 2 for removal of transfer restrictions	If a proposal for restructuring, etc. of the Company, such as a merger agreement whereby the Company will be an absorbed company to the merger, or a share exchange agreement or a share transfer plan whereby the Company will become a wholly owned subsidiary of another party, is approved at the Company's General Meeting of Shareholders (or by the Company's Board of Directors if such organizational restructuring, etc. does not require approval of the Company's General Meeting of Shareholders) during the transfer restriction period, the Company shall remove, based on the resolution of the Company's Board of Directors, the transfer restriction of the allotted shares at a date prior to the effective date of such organizational restructuring, etc. The number of such allotted shares subject to removal of the transfer restriction shall be reasonably determined in light of the period from the date of the start of the transfer restriction period to the date of approval of such organizational restructuring, etc.
Acquisition by the Company without consideration	The Company will be able to acquire all allotted shares without consideration in the event of violations of laws and regulations or other reasons specified by the Company's Board of Directors during the transfer restriction period.

vi) Method of determination of remuneration

The Company has established the Executive Nomination and Remuneration Council, which is chaired by an independent Outside Member of the Board and the majority of whose members are independent Outside Members of the Board in order to ensure objectivity, fairness, and transparency concerning remuneration, etc. for Members of the Board.

The Board of Directors has adopted a resolution on the total amount of compensation for the current fiscal year and has also adopted a resolution to entrust determination of the amount of compensation for each Member of the Board to the Executive Nomination and Remuneration Council. The Executive Nomination and Remuneration Council deliberates on the officer compensation system and determines the amount of compensation for each Member of the Board, considering factors such as the Company's business results and the responsibilities and performance of the Member of the Board.

Regarding determination of the amount of compensation for each Member of the Board, the Executive Nomination and Remuneration Council conducts multifaceted deliberation, including on consistency with the determination policy, and then determines the amounts. Therefore, the Board of Directors judges that the determined details are in accordance with the determination policy.

<Composition of the Executive Nomination and Remuneration Council>

Chair	Members
Independent Outside Member of the Board Shigeki Kushida	Member of the Board, Chairman Koji Arima, Member of the Board, President & CEO Shinnosuke Hayashi, Independent Outside Member of the Board Yuko Mitsuya, and Independent Outside Member of the Board Joseph P. Schmelzeis, Jr.

<Activities of the Executive Nomination and Remuneration Council>

The Executive Nomination and Remuneration Council was held in April and September 2024, as well as February 2025 concerning the determination of the amount of compensation, etc. in the current fiscal year, and the attendance rate of the council members at each meeting was 100%. The main topics of deliberation were as follows:

- Compensation levels by position and responsibility
- Evaluation of the performance of indicators
- Evaluation of individual assessments
- Determination of the amount of compensation for each individual
- Revision of the executive compensation system

Remuneration, etc. payable to Audit & Supervisory Board Members are determined by Audit & Supervisory Board Members through mutual consultation within the range of the amounts of compensation determined by the resolution of the Ordinary General Meeting of Shareholders.

<Adjustments in case of emergency>

In determining officer remuneration, in the event of unforeseen and unanticipated extraordinary factors (such as pandemics of infectious diseases, wars and conflicts, natural disasters, economic crises, scandals, etc.), the Company may make discretionary decisions after deliberation by the Executive Nomination and Remuneration Council, taking into consideration the level of the impact on business performance and other factors.

(b) Matters resolved concerning remuneration, etc. by General Meetings of Shareholders

	Type of compensation	Maximum amount of compensation	Resolution by the General Meeting of Shareholders	Number of officers at the time of resolution
Members of the Board	Basic compensation / Bonus	¥1.0 billion per year (including compensation of up to ¥150 million for Outside Members of the Board)	97th Ordinary General Meeting of Shareholders held on June 19, 2020	8 Members of the Board (including 3 Outside Members of the Board)
	Share-based compensation	¥1.5 billion per year	101st Ordinary General Meeting of Shareholders held on June 20, 2024	8 Members of the Board (including 3 Outside Members of the Board)
Audit & Supervisory Board Members	Basic compensation	¥15 million per month	91st Ordinary General Meeting of Shareholders held on June 19, 2014	5 Audit & Supervisory Board Members (including 3 Outside Audit & Supervisory Board Members)

2) Total amount of remuneration, etc. by officer category, total amount by type of remuneration, etc., and the number of eligible officers

Officer Category	Total Amount of Remuneration, etc. (Millions of yen)	Total amount by type of remuneration, etc. (Millions of yen)			Number of Eligible Officers
		Fixed compensation	Performance-linked compensation		
		Basic compensation	Bonus	Share-based compensation	
Members of the Board	932	287	275	370 (200 thousand shares)	9
(Portion of Outside Members of the Board)	(58)	(58)	(-)	(-)	(3)
Audit & Supervisory Board Members	137	137	-	-	4
(Portion of Outside Audit & Supervisory Board Members)	(31)	(31)	(-)	(-)	(2)
Total	1,069	424	275	370 (200 thousand shares)	13

Notes:

1. The amounts above include the remuneration, etc. for Kenichiro Ito, who retired from the post of Member of the Board at the conclusion of the 101st Ordinary General Meeting of Shareholders held on June 20, 2024.
2. The amount of performance-linked compensation presented is the amounts based on the resolution adopted by the Board of Directors at its meeting held on May 19, 2025.
3. Based on the resolution by the Board of Directors at its meeting held on May 19, 2025, the number of shares calculated by dividing the amount of compensation presented by the closing price on the business day before the adoption of the resolution of allotment of shares will be granted as share-based compensation. The number of shares stated above is the number of shares calculated using the share price on March 31, 2025 for reference.

(5) Outside Members of the Board and Audit & Supervisory Board Members

Category	Name	Major Activities and Fulfillment of Their Expected Role
Outside Members of the Board	Shigeki Kushida	He attended 13 of 13 Board of Directors meetings held in the fiscal year. At these meetings, he provided remarks on and supervision of the Company's general management affairs based on his experience at the Bank of Japan and broad expertise in global monetary economy. As the chair of the Executive Nomination and Remuneration Council, he wrapped up the revision of the officer compensation system and discussion on the succession plan.
	Yuko Mitsuya	She attended 13 of 13 Board of Directors meetings held in the fiscal year. At these meetings, she provided remarks on and supervision of the Company's general management affairs based on her expertise in management of companies and institutions and considerable experience in various fields, including her service as a director or a member of various sports associations.
	Joseph P. Schmelzeis, Jr.	He attended 13 of 13 Board of Directors meetings held in the fiscal year. At these meetings, he provided remarks on and supervision of the Company's general management affairs, drawing on his extensive experience in business management and strategic consulting, as well as his knowledge of geopolitics based on his experience as Senior Advisor to the Ambassador at the U.S. Embassy in Tokyo.
Outside Audit & Supervisory Board Members	Yasuko Gotoh	She attended 13 of 13 Board of Directors meetings and 14 of 14 Audit & Supervisory Board meetings held in the fiscal year. At these meetings, she remarked on the Company's general management affairs based on her broad experience in the public and private sectors and deep insight.
	Haruo Kitamura	He attended 13 of 13 Board of Directors meetings and 14 of 14 Audit & Supervisory Board meetings held in the fiscal year. At these meetings, he remarked on the Company's general management affairs based on his professional viewpoint as a Certified Public Accountant and a management consultant.

4. CORPORATE GOVERNANCE OF THE COMPANY

The Company believes that establishing a corporate governance system is the top-priority issue for maintaining and improving long-term corporate value in a drastically changing global market. Specifically, the Company has adopted an Audit & Supervisory Board Member system. In addition to the legal functions of statutory bodies such as the General Meeting of Shareholders, Board of Directors, Audit & Supervisory Board, and Accounting Auditor, the Company has developed various governance mechanisms. Furthermore, we are implementing highly sound, efficient and transparent management by continuously sharing information and conducting dialogues with shareholders and investors on the state of our business. This approach is reflected in the Company's Basic Policies on Corporate Governance.

Basic Policies on Corporate Governance

1. Securing the rights and equal treatment of shareholders

We shall provide timely and accurate information needed for shareholders to exercise their rights. Concurrently, the Company shall make efforts to establish an environment in which shareholders can exercise their voting rights and give due attention to assuring the rights and equal treatment of various substantial shareholders that include foreign and minority shareholders.

2. Appropriate cooperation with stakeholders other than shareholders

- We shall strive to create a virtuous cycle whereby the Company earns the trust and empathy of stakeholders and continually grows and develops with them by dealing with social issues and actively working to find solutions.
- We shall place high value on dialogues with stakeholders and provide them with appropriate information to share values and cooperate with stakeholders.

3. Ensuring appropriate information disclosure and transparency

- We shall disclose its financial condition, operating results, and other financial information each quarter in compliance with the relevant laws and regulations as well as appropriately disclose management strategies and plans and other non-financial information each time they are formulated.
- We shall deploy various methods for disseminating non-financial information in particular, which include directly disseminating information through the Company's integrated reports, website and presentations as well as disseminating information to the mass media through press releases to obtain the understanding of the Company's stakeholders.

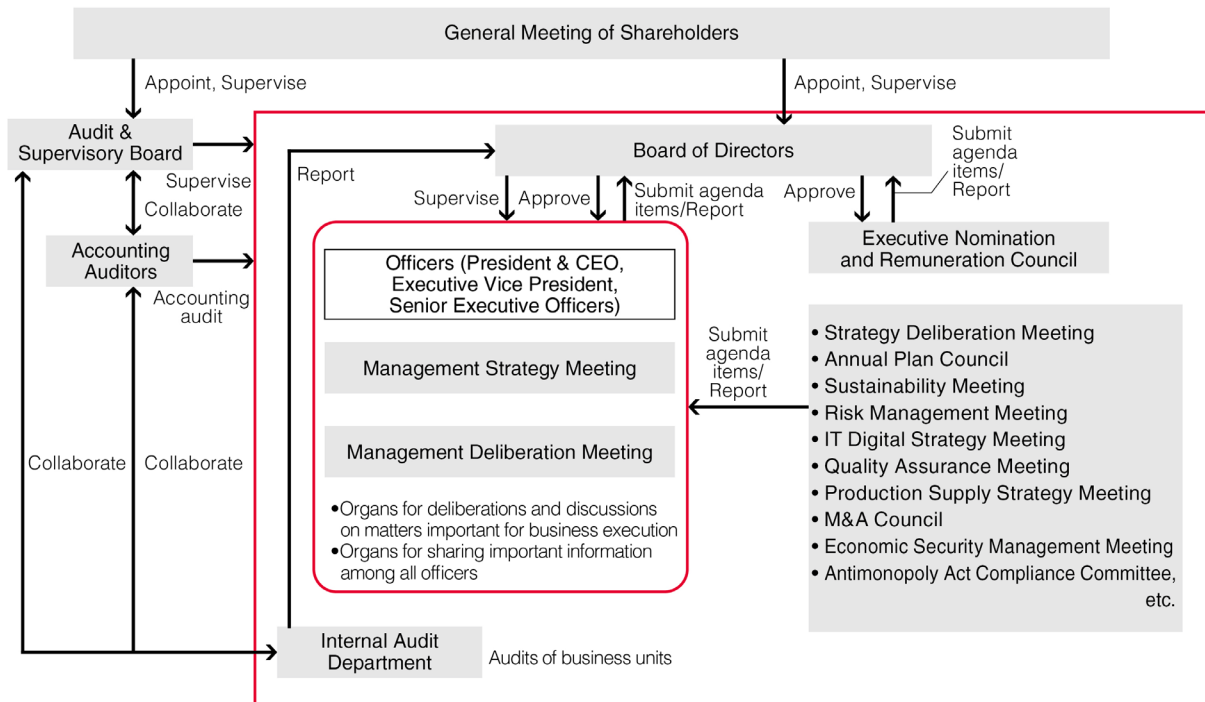

4. Execution of duties of the Board of Directors

- We shall, in keeping with the DENSO Philosophy, determine the strategic directions of the Company through the Long-term Policy, a management compass indicating the directions we will pursue over the next five to 10 years, and the Mid-term Policy, which contains strategies that give global concrete shape to our objectives and activities for the next three- to five-year period.
 - We shall realize swift decision-making and business operations through a corporate officer system that separates and clarifies the roles between Members of the Board, who are responsible for management (decision-making and supervision), and President & CEO, Executive Vice President and Senior Executive Officers, who are responsible for the execution of business operations.
- Additionally, we shall, depending on the circumstances, have Members of the Board serve concurrently as President & CEO, Executive Vice President and Senior Executive Officers to ensure the balance of knowledge, experience, and capabilities of the Board of Directors as a whole.
- We shall emphasize objective and neutral management supervision from an outside perspective and shall utilize as Outside Members of the Board and Outside Audit & Supervisory Board Members those persons who can reflect their wealth of external experience and wide-ranging knowledge in the Company's decision-making and auditing.

5. Dialogue with shareholders

- We shall strive for good communication with the Company's shareholders and investors by providing enhanced information encompassing management strategies and financial information and actively holding dialogues with the participation of Members of the Board, President & CEO, Executive Vice President and Senior Executive Officers in charge.
- The results of the dialogues shall be reported to the Board of Directors and the opinions of shareholders shall be utilized in the Company's management.

<Corporate Governance System>

5. POLICY REGARDING A DECISION OF DIVIDENDS FROM SURPLUS

As well as investing in business for growth, the Company places importance to the interest of shareholders and positions sustainable enhancement of corporate value and enrichment of shareholder returns as important management policies. The Company's basic policy is to seek to reduce capital cost and raise corporate value by issuing proactive shareholder returns and realizing an optimal capital structure while maintaining a balance between safety and efficiency.

Regarding dividends, the Company has adopted DOE (dividend on equity: total dividend amount divided by equity attributable to owners of the parent company) as a shareholder return indicator, and intends to pay stable dividends over the long term with a policy of continuously increasing DOE from 3.0%, while comprehensively taking into consideration capital efficiency, dividend amount, and consolidated performance. The Company also injects cash into capital investment, R&D investment and M&A, among others, which are necessary for growing its business and realizing the philosophy, and flexibly acquires treasury stock while paying attention to the targeted capital structure and theoretical share price, in pursuit of distributing its profits to the shareholders.

Accordingly, the Company, at its Board of Directors meeting held on April 25, 2025, resolved that the fiscal year-end dividend for the fiscal year ended March 31, 2025, be ¥32 per share of the Company's common stock (for a total of ¥90,157,467,872) and the date of commencement of dividend payment thereof be May 27, 2025. The annual dividend for the current fiscal year, including the interim dividend, is ¥64 per share.

Notes:

1. The Company stipulates in its Articles of Incorporation that it may distribute dividends from surplus upon resolution of the Board of Directors in accordance with Article 459, Paragraph 1, of the Companies Act without adopting a resolution at a general meeting of shareholders.
2. The Company conducted a four-for-one stock split of its common stock on October 1, 2023.
(The amounts of dividends per share in the graph below are calculated on the assumption that the stock split was conducted at the beginning of the 99th term.)

Annual Dividends per Share (Payout Ratio) and DOE (Yen)

Regarding the acquisition of treasury stock, the Company is implementing market repurchases of ¥450.0 billion, the maximum amount possible in relation to market liquidity, in consideration of the possibility of the sale of shares in the Company held by financial institutions and other existing shareholders, and as a measure to dispel shareholders' concerns over the supply-demand balance for the Company's shares.

The amounts stated in this Business Report are rounded off to the nearest unit.

Opinion

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements, namely, the consolidated statement of financial position as of March 31, 2025, of DENSO CORPORATION (the "Company") and consolidated subsidiaries, and the related consolidated statements of income and changes in equity for the fiscal year from April 1, 2024, to March 31, 2025, and the related notes.

In our opinion, the above-mentioned consolidated financial statements, prepared with the omission of some disclosure items required under the International Financial Reporting Standards in accordance with the provisions of the latter part of the first paragraph of Article 120 of the Regulation on Corporate Accounting, present fairly, in all material respects, the financial position and results of operations of the corporate group, which consists of the Company and its consolidated subsidiaries, for the period covered by the consolidated financial statements.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Consolidated Financial Statements." We are independent of the Company and its consolidated subsidiaries in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

The other information comprises the Business Report and its supplemental schedules. Management is responsible for the preparation and disclosure of the other information. Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process of the other information.

Our audit opinion on the consolidated financial statements does not cover the other information, and we do not provide an opinion on the other information.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management, Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the accounting principles pursuant to the provisions of the latter part of the first paragraph of Article 120 of the Regulation on Corporate Accounting, which allows companies to prepare consolidated financial statements with the omission of some disclosure items required under International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with a going concern assumption. If it is necessary to disclose matters relating to the going concern assumption in accordance with the accounting principles pursuant to the provisions of the latter part of the first paragraph of Article 120 of the Regulation on Corporate Accounting, which allows companies to prepare consolidated financial statements with the omission of some disclosure items required under International Financial Reporting Standards, management is responsible to do so.

Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

The auditor's responsibility is to express an opinion on these consolidated financial statements based on its audit from an independent standpoint in an audit report, by obtaining reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement due to fraud or error. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements. We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the consolidated financial statements on

the going concern assumption and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the consolidated financial statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.

- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with the accounting principles pursuant to the provisions of the latter part of the first paragraph of Article 120 of the Regulation on Corporate Accounting, which allows companies to prepare consolidated financial statements with the omission of some disclosure items required under International Financial Reporting Standards, assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.

- Plan and conduct the audit of the consolidated financial statements in order to obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries that forms the basis for expressing an opinion on the consolidated financial statements. The auditor is responsible for instructing, supervising, and implementing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures that have been taken to eliminate obstacles or safeguards that have been put in place to reduce these obstacles to an acceptable level.

Interest

Our firm and the engagement partners do not have any interest in the Company or its consolidated subsidiaries, for which disclosure is required under the provisions of the Certified Public Accountants Act.

The above represents a translation, for convenience only, of the original report issued in the Japanese language.

Opinion

Pursuant to Item 1 of the second paragraph of Article 436 of the Companies Act, we have audited the financial statements, namely, the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the supplementary schedules (the “Financial Statements, etc.”) of DENSO CORPORATION (the “Company”) for the 102nd fiscal year from April 1, 2024, to March 31, 2025, and the related notes.

In our opinion, the above-mentioned Financial Statements, etc., present fairly, in all material respects, the financial position and results of operations of the Company for the period covered by the Financial Statements, etc. in conformity with accounting principles generally accepted in Japan.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in “Auditor’s Responsibility for the Audit of the Financial Statements, etc.” We are independent of the Company in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

The other information comprises the Business Report and its supplemental schedules. Management is responsible for the preparation and disclosure of the other information. Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors’ duties related to designing and operating the financial reporting process of the other information.

Our audit opinion on the financial statements does not cover the other information, and we do not provide an opinion on the other information.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management, Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements, etc.

Management is responsible for the preparation and fair presentation of the Financial Statements, etc. in conformity with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of the Financial Statements, etc. that are free from material misstatement, whether due to fraud or error.

In preparing Financial Statements, etc., management is responsible for assessing whether it is appropriate to prepare the Financial Statements, etc. in accordance with a going concern assumption. If it is necessary to disclose matters relating to the going concern assumption in accordance with accounting principles generally accepted in Japan, management is responsible to do so.

Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements, etc.

The auditor's responsibility is to express an opinion on the Financial Statements, etc. based on its audit from an independent standpoint in an audit report, by obtaining reasonable assurance about whether the Financial Statements, etc. as a whole are free from material misstatement due to fraud or error. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the Financial Statements, etc. We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the Financial Statements, etc. on the going concern assumption and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the Financial Statements, etc. in the audit report, or if the notes to the Financial Statements, etc. pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the Financial Statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the Financial Statements, etc. are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the Financial Statements, etc. including related notes, and whether the Financial Statements, etc. fairly present the transactions and accounting events on which they are based.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the scope and timing of implementation of the planned audit, material audit findings including material

weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures that have been taken to eliminate obstacles or safeguards that have been put in place to reduce these obstacles to an acceptable level.

Interest

Our firm and the engagement partners do not have any interest in the Company, for which disclosure is required under the provisions of the Certified Public Accountants Act.

<Certified Copy of the Audit Report of the Audit & Supervisory Board>

AUDIT & SUPERVISORY BOARD MEMBERS' REPORT

Regarding the performance of duties by Members of the Board for the 102nd Fiscal Term, which began April 1, 2024, and ended March 31, 2025, the Audit & Supervisory Board of DENSO CORPORATION (the "Company") hereby submits its audit report, which has been prepared through discussions based on the audit reports prepared by the respective Audit & Supervisory Board Members.

1. Auditing Methods Employed by Audit & Supervisory Board Members and the Audit & Supervisory Board and the Substance Thereof

(1) The Audit & Supervisory Board determined auditing policies, auditing plans and other guidelines; received reports about the progress and results of audits from each Audit & Supervisory Board Member; received reports on the execution of their duties; and requested explanations, as required, from the Members of the Board and the Accounting Auditor.

(2) In compliance with the audit standards specified by the Audit & Supervisory Board and based on the auditing policies, assigned tasks and other guidelines above, each Audit & Supervisory Board Member has communicated with the Members of the Board and other relevant personnel of the internal audit department and others to collect necessary information and improve the auditing environment, and, at the same time, conducted his/her audit in the following manner.

1) Each Audit & Supervisory Board Member has attended the meetings of the Board of Directors and other important meetings; heard about the execution of their duties from the Members of the Board and other relevant personnel; requested explanations therefrom, as required; examined important authorized documents and associated information; and studied the operations and financial position at the headquarters and principal offices. Moreover, the Audit & Supervisory Board Members have communicated and exchanged information with the Members of the Board, Audit & Supervisory Board Members and other relevant personnel of the subsidiaries and received reports on operations therefrom, as required.

2) Each Audit & Supervisory Board Member has supervised and verified the substance of the resolution adopted by the Board of Directors with regard to the improvement of the systems stipulated in Article 362, Paragraph 4, Item 6, of the Companies Act and in Article 100, Paragraphs 1 and 3, of the Ordinance for Enforcement of the Companies Act as the "Systems to Ensure Compliance of the Execution of Duties by Members of the Board with Laws, Regulations and the Articles of Incorporation" described in the Business Report, as well as the established and operational status of the in-house systems (internal control systems) that have been established pursuant to the resolution concerned.

3) Each Audit & Supervisory Board Member has supervised and verified whether the Accounting Auditor maintain independence and have done appropriate audits, and has received reports on the execution of their duties and requested explanations, as required, from the Accounting Auditor. The Audit & Supervisory Board was also notified by the Accounting Auditor of their appropriate development of arrangements enumerated in the items of Article 131 of the Ordinance on Company Accounting as constituting a "structure to ensure the proper execution of duties," and requested explanations, as required.

In the manner explained above, the Audit & Supervisory Board Members have examined the Business Report and supplementary schedules thereof; "financial statements," that is, the non-consolidated financial statements (Non-Consolidated Balance Sheet, Non-Consolidated Statement of Income, Non-Consolidated Statement of Changes in Equity and Notes to the Non-Consolidated Financial Statements) and supplementary schedules thereof; and the consolidated financial statements (Consolidated Statement of Financial Position, Consolidated Statement of Income, Consolidated Statement of Changes in Equity and Notes to the Consolidated Financial Statements), pertaining to the fiscal year ended March 31, 2025.

2. Audit Results

(1) Audit results regarding the Business Report and other documents audited

- i) In our opinion, the Business Report and the supplementary schedules thereof fairly represent the Company's conditions in accordance with the related laws and regulations and the Articles of Incorporation.
- ii) We have found no evidence of wrongful action or material violation of laws, regulations or the Articles of Incorporation by any Members of the Board with regard to the execution of their duties.
- iii) In our opinion, the substance of the resolution regarding the internal control systems is fair and reasonable. We have found no matters to remark with regard to the content of description as well as the execution of duties by the Members of the Board, concerning the internal control systems.

(2) Audit results regarding the financial statements

In our opinion, the audit methods and results employed and rendered by the Accounting Auditor, Deloitte Touche Tohmatsu LLC, are fair and reasonable.

Guide to Stock-Related Procedures

To shareholders who receive your dividends at the Japan Post Bank offices, etc., with a dividend receipt:

It is recommended that you choose one of the following options to ensure the safe and secure receipt of your dividends.

Account for Dividend Receipt	Method of Receiving Dividends
1) Securities transaction account	The dividends will be remitted into the shareholder's accounts at the respective securities companies in proportion to the number of his/her shares deposited therewith. (Share number pro-rata distribution)
2) Bank account (common to all stock names)	The dividends for all the stock names will be remitted into the account of only one of the banks, including Japan Post Bank Co., Ltd. (Registered account receipt)
3) Bank account (individually designated by stock name)	The dividends will be remitted by stock name into the accounts designated in advance, including accounts of Japan Post Bank Co., Ltd. (Individual stock name designation)

To shareholders who wish to open a NISA account:

To be eligible for the tax exemption regarding your dividends, you need to choose option 1) above (Share number pro-rata distribution).

To shareholders who hold the Company's shares less than one unit (less than 100)

The share unit of the Company is 100, and the shares less than one unit cannot be sold or purchased in the market. However, the following procedures are available.

	Description of the System
Sale system	According to this program, the shares less than one share unit can be sold to the Company at the market price.
Additional purchase system	According to this program, the shares that would constitute one share unit (100) together with the shares less than one share unit that he/she holds can be purchased from the Company at the market price.

Fiscal year	From April 1 to March 31 of the next calendar year
Ordinary general meeting of shareholders	June
Fixed day on which shareholders for dividend payment are confirmed	March 31 If interim dividends are distributed, September 30
Share unit number	100 shares
Stock code	6902
Shareholder registry administrator	Mitsubishi UFJ Trust and Banking Corporation
Account management institution handling special accounts	Mitsubishi UFJ Trust and Banking Corporation

Guide to “My Number System” regarding shares

The My Number, which has been noticed from the jurisdictional municipality to each shareholder, has become a requirement in the tax-related procedures for shares. Accordingly, shareholders of the Company need to notify securities companies with which they have transactions, etc., of their “My Number.”

Inquiries about shares

The contact for the designation (change) of dividend reception method, the demand for sale/additional purchase, an address change and other share-related procedures depend on the category of the account in which you have shares.

Account category for the shares you hold	Contact
Securities transaction account	Securities company with which you have opened an account
Special account (shareholders who do not hold the Company’s shares, through securities companies)	Securities Agency Division, Mitsubishi UFJ Trust and Banking Corporation Contact: 1, Nikkocho 1-chome, Fuchu, Tokyo 0120-232-711 (Toll free in Japan) Mailing Address: Securities Agency Division, Mitsubishi UFJ Trust and Banking Corporation P.O. Box #29, Shin-Tokyo Post Office (Japan Post), Tokyo 137-8081

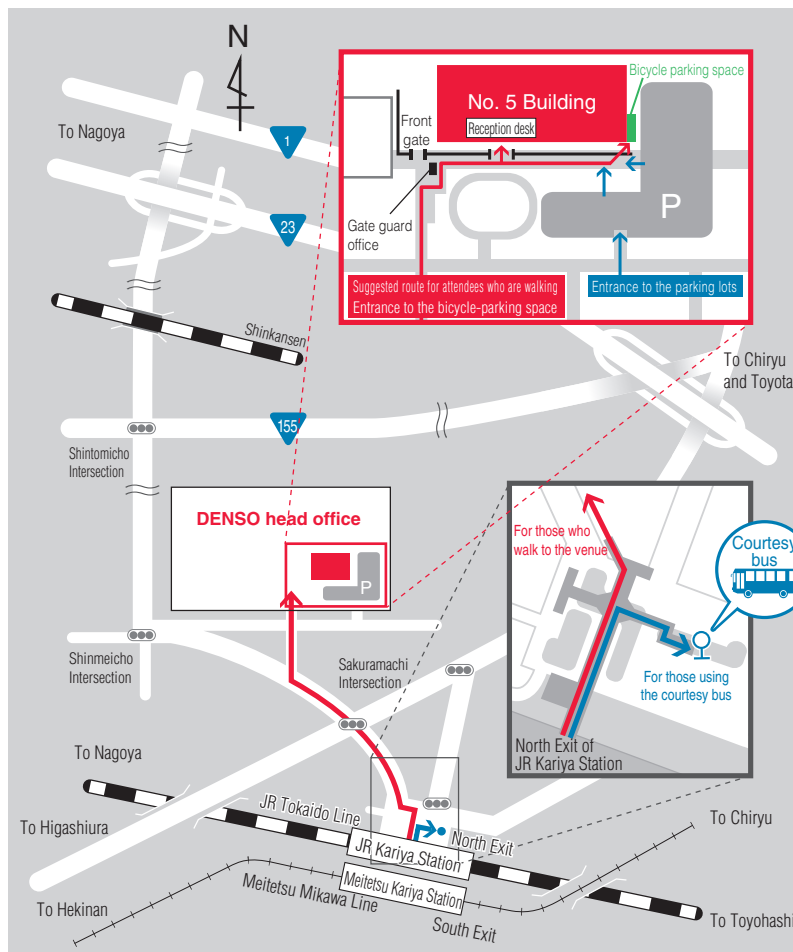

Guide to the Company’s Web site

To introduce DENSO’s initiatives to our shareholders and investors, we are active in information disclosure through the Web site below.
